SUMMARY

React JS Developer with expertise in building dynamic, responsive web applications using React and TypeScript. Skilled in clean coding, component architecture, state management, and front-end best practices. A collaborative team player with strong problem-solving abilities and a passion for delivering high-quality user experiences. Committed to continuous learning and staying up-to-date with the latest web development trends to drive project success.

EDUCATION

Islington College (London Metropolitan University)
BSC Hons. In Computing

Kamalpokhari, Kathmandu
2021-2023

Capital College and Research Center
+2, Major in Biology

Balkumari, Kathmandu
2017-2019

WORK EXPERIENCE

Innovate Tech, Baluwatar Kathmandu, React Js Intern (September 2022- December 2022)

- Developed responsive and intuitive user interfaces by utilizing React.js components, JSX syntax, and CSS frameworks like Material UI, while integrating Redux for state management and adhering to clean code principles for maintainable and efficient development.
- Supporting fellow interns and team members by sharing knowledge, collaborating on tasks, and assisting with problem-solving to foster a collaborative and productive work environment.

ShadesnShadows, Buddhanagar Kathmandu, Frontend Developer January 2023- March 2024

- Designed and built dynamic, responsive user interfaces using React.js, JSX, and modern CSS frameworks such as Material UI, ensuring seamless user experiences across devices. Integrated Redux for efficient state management and followed clean code practices to deliver scalable and maintainable solutions.
- Contributing to team discussions and brainstorming sessions, offering fresh perspectives and innovative ideas to drive project success.
- Actively engaging in learning opportunities, asking questions, and seeking guidance from senior developers to enhance technical skills and gain a deeper understanding of industry standards.

Xylontech Nepal, Chandol Kathmandu, Software Engineer April 2024-Present

- **Front-end Development:** Designed and developed responsive, user-friendly interfaces by leveraging React.js components, JSX/TSX syntax, and modern CSS frameworks such as Tailwind CSS and Shadcn UI. Integrated Kendo React for advanced UI components and styling, while adhering to clean code principles to ensure maintainable, scalable, and high-quality code.
- **Back-end Development:** Developed scalable and efficient server-side logic using .Net framework.
- **Database Management:** Worked with SQL database schemas, to store the records.
- **API Development:** Designed, documented, and implemented RESTful APIs using Swagger for API specification and testing.

MAJOR PROJECTS

- **RFP (Request For proposal)**

Role: Full-Stack Developer

Technologies Used: React js, Typescript, Sql, .Net Framework, Swagger

Description

- The application was developed to streamline the bidding process, also known as the Request for Proposal (RFP) system. It efficiently manages the entire workflow of requests, projects, and vendor interactions, ensuring a seamless and organized process from start to finish.

- **HamroSewa**

Role: Full Stack Developer

Technologies Used: Node JS, React JS, Material UI, Typescript, REST API, MongoDB, Express, Bootstrap.

Description:

- A cutting-edge, all-in-one platform designed to connect service seekers with service providers, enabling seamless requests and delivery of skill-based services. It acts as a bridge, empowering users to find and access the expertise they need efficiently.

- **Jinlap**

Role: Frontend Developer/ Team Member

Technologies Used: React JS, Material UI, Typescript, Redux, Bootstrap.

Description

- **Multi-Services E-commerce Platform** built with React.js, typescript offers a seamless shopping experience with dynamic product listings, cart management, and checkout.

- **Himalayan Lush**

Role: Frontend Developer/ Team Member

URL: <https://himalayanlush.com/>

Technologies Used: React JS, Material UI, Typescript, Bootstrap

Description:

- Contributed to developing an environmentally significant web application dedicated to showcasing the naturally prepared products and process of their production.

SKILLS

- **Languages:** JavaScript, Typescript, C#, HTML5, CSS3
- **Frameworks/Libraries:** React JS, Node JS, Express JS, Material UI, kendo React, SCSS, SASS, Bootstrap, Swagger UI, Redux-Toolkit, React Query, Formik, Yup, React Hook Form, .
- **Databases:** MySQL, MongoDB
- **Technologies:** Linux, Git, REST API Development

SOFT SKILLS

- Excellent communication and teamwork abilities.
- Enthusiasm for sharing knowledge and mentoring others.
- Detail-oriented approach to design and development.
- Effective problem-solving skills.

Achievements and Others

- The course "Learning React.js" by Eve Porcello on LinkedIn.
- Node JS training conducted virtually by Itonics.
- The course "Learning Python (2020)" by Joe Marini on LinkedIn.
- Certificate of Appreciation for Volunteering in Conquest Week 2022.
